

# Goodbye, Friends

Who are the people to whom you want to be sure to say goodbye? You don't want to forget anybody important. Write in the names of the people you might like to see before you leave. Put a check mark beside each name after you say goodbye.

**TIP:** See if you can have a goodbye party. Ask all your friends to bring you something to remember them by - a snapshot of themselves, their favorite joke written on a piece of paper, a baseball card.
